TRU-SWEEP™ ULTRASONIC BENCHTOP CLEANERS

The Sound Choice

A Revolution In Benchtop Cleaners...

Tru-Sweep Ultrasonic Cleaners

An Industrial Cleaning Performance In A Benchtop Cleaner

Introducing Tru-Sweep, a benchtop cleaner with the Herculean cleaning might of an industrial 38.5 kHz transducer. Tru-Sweep uses revolutionary technology that gives greater cleaning power and reliability than the conventional wafer type transducers of other benchtop cleaners.

Total Control In Your Hands

Tru-Sweep models offer various control features over time, heat, power level and degas functions. These functions can be manually or digitally adjusted to create a cleaning performance suited to your needs.

Tru-Sweep Model D
Precise digital control of time (0 - 99 minutes), heat (ambient to 80°C) power level and degas functions.

Tru-Sweep Model T
0 - 30 minute time

Tru-Sweep Model HT
0 - 30 minute time and adjustable thermostatically controlled heat (ambient to 80°C)

MORE SIZES & OPTIONS TO MEET YOUR NEEDS

Tru-Sweep is available
in seven sizes and three different configurations

- 1 year warranty on parts and labour
- Digital mode - timer, heat, power control and degas
- Stainless steel covers (optional)
- Analog model - timer and adjustable thermostatically controlled heater
- All timers have continuous-operation capabilities

Features

- Analog / digital timers on all units
- Adjustable, thermostatically controlled heaters (ambient to 80°C)
- Drains with flow control valve on all 3/4 gallon and larger units
- Stainless steel enclosures resist chemical spill damage and will not crack
- Precise control of time, heat, power and degas on digital units

Accessories

- Stainless steel mesh and perforated baskets
- Beakers (stainless steel / glass / polypropylene)
- Auxiliary pans
- Beaker positioning covers and small parts tray
- Chem-Crest cleaning solutions to enhance cleaning performance

Notes

■ All models are available in three configurations:

- T • 0-30-minute timer
- HT • 0-30-minute timer and thermostatically controlled heat (ambient to 80°C)
- D • Digital control of heat, time (0-99 minutes), power and degas functions

- Frequency - 38.5 kHz - 40.5 kHz
- All models meet FCC requirements
- All models are ETL/CSA approved
- All models are available in 117, 100 and 220/240 volts
